Parking in The Square

The installation of parking meters is planned during the Spring of 2005. Winchester City Council has assured the Parish Council that any problems with displaced vehicles parking in residential roads will be dealt with if they arise. Residents only

parking schemes will be considered if the majority of residents agree. There will be a cost to households for permits etc.

Construction of 23 dwellings on the Animed site.

The Parish Council has objected to the revised application on the grounds that there are insufficient parking places planned and it considers that the three storey sections of the development represent overdevelopment of a conservation area.
