Subject: Wickham Revised Parish Plan 2010

To all local organisations

The Parish Council is working on a revised Parish Plan - an action plan for the village to improve and enhance the quality of life for local people.

Input is needed from as many local stakeholders as possible to ensure the plan is robust and genuinely reflects the needs and aspirations of residents and community organisations.

Work has started on building an evidence base

<http://www.wickham.parish.hants.gov.uk/Parish%20Council/Parish%20Plan%20Review.html>

It would be very helpful if you could outline how your organisation sees the strengths and weaknesses of the community, the main challenges you face and any additional support, help or action that you need to carry out your work. If you have adopted action plans that can be included in the Parish Plan it would be very useful.

Could you also confirm whether you are willing to be a stakeholder in the Parish Plan process - this will probably mean suggesting and commenting on proposed policies and action items.

Please give me a ring if I haven't made myself clear!

I look forward to hearing from you by the 5th March if possible.

Regards

Nicki Oliver
